

## Returning Depopulation Verification Form

The Citizens policy referenced below was assumed by a private-market carrier (takeout carrier), also referenced below, as part of the Citizens Depopulation program. Subsequently, the policyholder requested that they be reconsidered for a Citizens policy.

I affirm that the policyholder's request was made after the opt-out period elapsed, but prior to the expiration date of the Citizens policy.

I understand that, to ensure that there is neither a lapse in coverage nor duplicate coverage, the effective date for the new Citizens policy must be equal to the expiration date of the Citizens assumed policy.

I further affirm that, prior to submitting the application for a new Citizens policy, I will explain to the policyholder that the application being submitted is subject to all current underwriting requirements and that if these requirements are not met, a new policy may not be issued.

### Required Information

<b>Print Policyholder Name</b>	
<b>Assumed Citizens Policy Number</b>	
<b>Expiration Date of Citizens Policy</b>	
<b>Takeout Carrier</b>	
<b>Print Agent Name</b>	
<b>Agent Signature</b>	
<b>Date</b>	

For submittal instructions and more information, see answer ID [3466](#).
