Board of Governors Meeting, December 4, 2024

Audit Committee Charter Review

History

The Audit Committee Charter is a formal document that establishes the committee's authority to carry out the responsibilities established for it by the Board of Governors.

The Charter defines that the purpose of the Committee is to assist the Board in fulfilling its oversight responsibilities for the integrity of Citizens' financial statements; Citizens' compliance with legal and regulatory requirements; the independent auditor's qualifications and independence; and the performance of the Office of the Internal Auditor (OIA) and independent auditors. In discharging its responsibilities, the Committee will have unrestricted access to members of management, employees, and information it considers necessary to discharge its duties.

Annually, the Chief of Internal Audit, under the direction of the Audit Committee, completes a review of the Charter against industry best practices and the Citizens Statute. Following the rollout of the 2025 Institute of Internal Auditors (IIA) Global Internal Audit Standards (GIAS) for 2025, the Chief of Internal Audit noted several relevant revisions to align the charter with the GIAS.

The Charter is presented to the Committee for approval. Thereafter, it will be presented at the next Board meeting for approval.
